

Underhill Catchcan Ultra - Replacement Cup

RGCCUC

Details

The Catch Can Ultra is built for the Pro with large easy precise measurements of sprinkler performance for easier reading and to help maximize water savings. The cup measures inches and centimeters. Features a wide 6in throat area with straight vertical sides for close-in catchment and to fit in the CantchCan Ultra Stand.

- Measures sprinkler application in inches or centimeters
- Tinted cup for easy reading
- 6in wide throat area provides improved catchment particularly in close-in areas
- Reverse knife edge prevents water beading
- Straight vertical sides reduce splash-out
- Easy to read
- Durable polypropylene plastic
- Stack for easy storage and transport
- One Cup
