

Milwaukee 3lb Multi-Faced Drilling Hammer

RMW48-22-9310

Details

The Milwaukee 3lb Drilling Hammer features one milled and one smooth-faced for unmatched versatility on jobsites. The milled face grips chisels, punches, stakes, and spikes to reduce slippage or misstrikes, while the smooth face can be utilized for a wide range of striking applications. The drilling hammer is designed with a high-strength fiberglass handle and reinforced overstrike protection to offer ultimate power and durability. The Milwaukee dual-faced drilling hammer is also precision balanced for ease of use and provides forceful blows with less effort.
