

Kochek Fixed Gallonage Nozzle Tips - 3/4in - 25 gpm RG90036-25

Details

The fixed gallonage nozzle tips offer full flow misting output flow rates of 15, 25, 35 and 55 GPM. The tips, sold individually, are designed to work with the Kochek Brass Shut Off. The constant flow tips utilize the "Multi-Mist" technology, and, with advanced flow censoring, the accuracy of GPM output at 100 PSI is absolute.

- Fixed gallonage tips work with Kochek Brass Shut Off
- Constant flow tip
- "Multi-Mist" technology
- Advanced flow censoring
