

Leemco Male Adapter - 4 x 3 Bell x Mpt

RGLSB-43MA

Details

Leemco restrained fittings are designed to get a system in operation in the least amount of time and effort. Leemco Self-Restrained fittings have blunt cast serrations which are specifically designed for PVC or HDPE plastic pipe. These non-machined serrations will not damage the plastic pipe surface and have a fused epoxy finish to protect against corrosive soil conditions. Our patented bell design incorporates a cast-on half clamp and a detachable clamp, plus our easy to install proven 2-bolt system that saves time and labor costs.
