

## Rain Bird 3500 Series 4" Rotor - Part/Reversing Full Circle w/SAM

RGY34550

## **Details**

Rain Curtain nozzles deliver even distribution over the entire radius including large wind resistant droplets and gentle close-in watering resulting in greener turf using less water. Oversized wiper seal prevents leaks and protects internals from debris. Arc adjustment through the top of the rotor requiring only a flatblade screwdriver. 3 year trade warranty.
