

# Greens Speed Meter

RP203200

## Details

Greens speed uniformity - a significant aspect of the golf course! The R&R "Golden Rule" green speed meter, made of anodized, extruded 1/4" aluminum bar, with V-shaped groove and machined 20 degree ball release notch, enables correct speed velocity and calculation of each green. Speed chart and protective storage case included.

- Calculates correct speed velocity of each green
- Anodized, extruded 1/4" aluminum
- Speed chart and storage case included

## Specifications

Manufacturer

R&R Products

## Replacement Parts

RP203201

Decal - Stimpmeter
