

Bird Spikes - Polycarbonate - 5" x 10'

RP2049

Details

Bird droppings are unsanitary and unsightly. Polycarbonate bird repellent strips eliminate bird roosting and nesting on surfaces and landing strips. Attach strips to flat or curved surfaces such as rooftops, beams, gutters, ledges, eaves and signs. These clear plastic "bed of nails" make roosting uncomfortable. Lightweight, maintenance-free polycarbonate spikes attach with screws, nails, wire ties or adhesive. Clear color. 5" Wide, 5" High. 12" Strips.

- Eliminates roosting and nesting
- Lightweight, maintenance-free
- Attach with screws, nails, wire ties or adhesive
